**Introducing the new PKO-45 Semi-Automatic from Heizer Defense.**

### **It's Not About Ideas, It's About Making Ideas Happen!**

The PKO-45 (Pocket 45) is a Heizer's introduction into the conceal carry market. The PKO-45 is the world's slimmest semi-auto .45ACP on the market. Made with 100% US stainless steel and titanium variants, the PKO-45 has no plastic or milled parts anywhere to be found, and is manufactured to be like no other. With its revolutionary barrel-under the guide rod configuration, less recoil is felt by the operator. Chambered in .45ACP the PKO-45 carries a 5+1 capacity with the flush magazine and a 7+1 capacity with the extended magazine.

**THE PKO-45 IS TRULY AN INNOVATION THAT IS SURE TO CHANGE THE WAY WE LOOK AT CONCEAL CARRY HANDGUNS.**
